The Conviction Database is public record information extracted from the DPS Computerized Criminal History System (CCH). The information contained in CCH is only public if a conviction or deferred adjudication has been reported to the Department on an offense.

### What Data Can I Search?

Arrests, prosecutions and the disposition of the case for persons arrested for Class B misdemeanor or greater violation of Texas criminal statutes, as well as Class C convictions or deferred adjudications that are reported to the Department. The statute identifies many of the actual data elements. In addition, although not required by statute, CCH has traditionally included limited supervision data reported to DPS by TDCJ.

- [Texas Statutes](#) - Texas Legislature Online website lists the Statutes for the State of Texas.
- [Compliance Report](#) - A Report Examining Reporting Compliance to the Texas Computerized Criminal History System.

# Public Fingerprints

## Public Fingerprints

The Fort Bend County Sheriff's Office Crime Scene Unit conducts fingerprinting for the public on **Tuesdays** between the hours of **8:30 AM to 10:30 AM** and again from **12:30 PM to 3:30 PM** (excluding county holidays).

These fingerprints are done in ink or on live scan and will be given back to the individual being fingerprinted. If the company requiring your fingerprints wants your fingerprints sent to them electronically, the Sheriff's Office cannot conduct this type of service. There is a **\$15.00** charge for public fingerprints and needs to be paid at the Records Lobby. The Records Clerk can only accept exact cash, check, or money order. You must have a government issued photo Identification with you (Passport, Driver's License, State Identification Card). The dress code is business casual as you will be entering the secured area of the Sheriff's Office.
